

S7L-RL510

12 TON C-HEAD COMPRESSION TOOL

FEATURES

Accepts all "U" type industry standard die sets

Protective rubber boot on tool head helps protect against accidental contact with energized circuits

Open "C" head design allows easy placement and removal of connector from tool

Improved hydraulics deliver up to 2x faster compression speeds compared to previous generation tools

270° rotating head for ease-of-use and tool maneuverability

Auto-retract ram increases productivity and provides faster tool reset after completed cycle

Ram retract can also be stopped mid-cycle for faster repeat operation

Improved weather-resistant case design protects tool against rain & debris

Handle-forward design provides improved ergonomics and tool balance

Dual LED lights illuminate workspace in dark conditions

Integral trigger-lock helps prevent inadvertent tool actuation during transport and storage

5 Yr. Tool/3 Yr. Battery & Charger Warranty
