RCC-MK754ACM

GEAR-DRIVE REMOTE CUTTER

Safety

- Tool can only be operated with remote control
- Radio frequency signal allows tool to be operated from a safe distance regardless of obstructions
- FCC approved RF remote works up to 300 feet away from tool
- Encrypted remote uniquely paired with tool
- Two-button remote prevents inadvertent tool activation
- LED light on remote confirms complete cut
- Closed cutting jaws guarantees only desired cable is cut
- Grounding stud supports multiple types of clamps

Ease of Use

- Easy tool set-up and operation
- Large LED lights confirm power, blade engagement, pairing, and complete cut
- Blade engagement lever with LED confirmation lets operator know tool is ready for use
- Includes eye bolts and tripod for various rigging applications

Quality & Performance

- Durable Gear-Drive Huskie Tools platform has proven reliability
- Sharp Al/Cu cutting blades provide smooth cut with little cable deforming
- 5 year warranty on tool, 3 year warranty on batteries and charger
- Able to make 58 cuts on 750 MCM Cu cable with one fully charged 2.0 Ah LXT® 18V Lithium-Ion battery

RCC-MK754ACM KITS:

RCC-MK754ACM Kit includes: Tool, Grounding Stud, Remote, Tripod, [2] Eye Bolts, [2] Makita® LXT® 18V Lithium-Ion batteries—[1] 5.0Ah & [1] 2.0Ah, Makita® 120V Charger, Hard Case

RCC-MK754ACMDC Kit includes: Tool, Grounding Stud, Remote, Tripod, [2] Eye Bolts, [2] Makita® LXT® 18V Lithium-Ion batteries—[1] 5.0Ah & [1] 2.0Ah, Makita® 12V Charger, Hard Case

RCC-MK754ACMX Bare Tool includes: Tool, Grounding Stud, Remote, Tripod, [2] Eye Bolts, Hard Case
