Huskie Tools is giving you more tool speed and easier handling with our **REC-3410** battery powered compression tool. It features a rubber boot and it is designed to accommodate all 12 ton "U" type dies widely used throughout the electrical industry.

The REC-3410 is faster and more compact than our previous model. It offers a wider handle opening with finger grooves, allowing easier access for gloved work. The base of the tool is contoured for stability and incorporates finger grooves for a better grip.
