Huskie Tools offers the S-Series of products to cut anything from guy wire to anchor rod and most overhead and underground cables. The S-series cutters are portable, lightweight, and made to last years under the toughest field conditions.

The S-32CC is engineered to cut the toughest EHS guy wire, ground and anchor rods and up to 1/2" chain. This tool black zinc oxide coated to help reduce corrosion. A flip-top latch opens the tool jaw to easily accept the cutting material. The head can be rotated up to 180° to facilitate easy wire positioning and operator leverage.
