www.spartacogroup.com

HuskieToolFacts

Specifications

Output	6 Ton
Weight	7.7 lbs. with Battery
Size	3.7"L x 18.5"H x 2.8"W
Jaw Opening	.75"

Cutting Estimates

	BP-84
336 ACSR	90
1/2" Wire Rope	90
1/2" Rebar	60
1/2" Ground Rod	60
3/8" Guy Wire	45

Cutting Capacities

Wire Rope	5/8"
Rebar (Sc 40)	1/2"
Rebar (Sc 60)	3/8"
Ground Rod	1/2"
ACSR	477 MCM
Guy Wire	3/8"

Features

- Flip-Top Latching Head
- Tested Up to 75kV
- One Hand Operation
- Rotational Head
- Bright White, LED Lights for Working in Low Light Conditions
- Rapid Advance
- 5 Year Warranty on Tool, Battery & Charger

The new 6 series battery operated tools with "B" designation are Bluetooth enabled products.

These tools are able to communicate data to your Bluetooth enabled PC via the downloadable software available on Spartaco website.

In addition to the audible beeps and visual Led indicators on these tools identifying battery connection, full compression cycles, proper achieved pressure, and incomplete crimps, the tools also record data to be viewed later via the Bluetooth connection at you PC.

The data includes locked fields for model and serial number of the tool connected. It has cycle count data, and it has fields for read / write capabilities for the user to enter notes such as truck or job number, repair history, or any note the user or maintenance technician may feel important to record.

Complete operation instructions as well as the downloadable computer software is available at: www.spartacogroup.com

The **SL-SB20** was designed to cut the toughest materials used in construction today. It can replace an entire tool kit, including several sizes of conventional bolt cutters, hacksaws, acetylene torches and cable cutters. With the pull of a trigger, you can cut ACSR cables up to 477, standard guy wires to 3/8", and ground rods to 1/2". The specially designed flip-top latch and rotating head provide exceptional ease of use and maneuverability in tight working quarters.
