FEATURES

Protective rubber boot on tool head helps protect against accidental contact with energized circuits

Improved hydraulics deliver up to 2x faster crimping speeds compared to previous generation tools

270° rotating head for ease-of-use and tool maneuverability

Auto-retract ram increases productivity and provides faster tool reset after completed cycle

Ram retract can also be stopped mid-cycle for faster repeat operation

Improved weather-resistant case design protects tool against rain & debris

Handle-forward design provides improved ergonomics and tool balance

Dual LED lights illuminate workspace in dark conditions

Integral trigger-lock helps prevent inadvertent tool actuation during transport and storage

5-year tool, 3-year battery Huskie Tools limited warranty

75kV live line rated
