The Original Bulldog Bender™

Electrician designed & developed.
Proudly Made in USA.

Bending large gauge electrical cables is difficult, especially in tight spaces. Bulldog Bender gives you the power and leverage to easily install, bend, & terminate cables in service panels, LB conduit bodies, switchgear, motor controls, wireways, and meter bases.

Knurled dowels provide secure grip, while Smooth dowels reduce risk of marring cable insulation*

Part #	Max. Cable Dia.	Typ. THHN Building Wire	Typ. 15kV Underground Primary Cable	Description
