

# MXC SERIES LONG ARM CABLE CUTTERS

Huskie Tools® Long Arm Cable Cutters provide fast, clean cuts on Copper & Aluminum power and communication cables. Available in three handle lengths (21", 26", & 32"), these cutters cover a wide range of cable sizes up to 750 MCM Copper and 1000 MCM Aluminum. DO NOT CUT ACSR & STEEL CABLE.

Strong lightweight fiberglass handles allow for easy two-hand control. Precision ground shear-cut blades feature clean, even cutting action and provide minimal distortion allowing cables to fit easily into lugs and connectors. Forged alloy-steel blades feature heavy-duty bolts and blade-stops for years of long-lasting performance.

Precision ground shear-cut blades provide clean, even cutting action

Beveled jaw tips ensure proper alignment and blade closure

Forged alloy-steel jaws with black-oxide finish for long-life

Heavy-duty hinge bolt and blade-stops

LONG ARM CABLE CUTTER FEATURES

DO NOT USE ON LIVE CIRCUITS
